No. 4590 M.—The 28th August 1922.—In pursuance of section 49, sub-section (1), of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that, in exercise of the power conferred by section 48 of that Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to sanction the general improvement scheme known as scheme No. I—Burrabazar, which has been submitted to them by the Trustees for the Improvement of Calcutta under section 47 of the said Act.

2. A description of the scheme is given as follows:

This is a general improvement scheme, which provides for the rearrangement and re-construction of the streets and buildings within the area of the scheme. Thirty per cent. of the masonry buildings are reported to be unfit for human habitation and only 10 per cent. are in a really satisfactory sanitary condition. The roads are too narrow for health, and light and ventilation are generally defective.

The scheme also provides for the acquisition of all the lands within the area and the land will then be relaid out, so that all buildings, when re-erected, will abut on a street of adequate width. The proposed lay-out of building sites is shown in the plan, but this may be modified to suit the wishes of individual owners. Any owner of a new site who erects buildings on it of a sanitary character will be able to exempt his property from acquisition under section 78 of the Calcutta Improvement Act, and where any person is the owner of the greater portion of a new plot, the Board are willing to arrange that he should retain possession of the new plot on terms to be arranged. Land which comes into the possession of the Trust will be cleared and sold.

Monohardas Street and Moyrahatta Street will be widened to 45 feet.

Pagayaputty Street will be widened to 20 feet. Of the east and west roads, Cotton Street will be widened to 40 feet.

Burtolla Street and Meerbohorghat Street to 60 feet.

(c) A statement of all outstanding loans as well as the annual charges involved on their account.

(1) The normal surplus shewn in column 20, viz.,—Rs. 27,350, is not a true index of our present financial position. Although the average ordinary expenditure is to a certain extent above the average income calculated on the figures in columns 17 to 19 and 13 to 15, respectively, still the Water-rate Fund from which the repayment regarding the present loan is to be made, is in an affluent condition, the average annual saving during the last five years from 1916-17 to 1920-21 being Rs. 27,772.

(2) From the beginning of the last financial year, the latrine fee has been revised from which we expect an increase of about Rs. 1,12,000 at the end of the year. The latrine fund was working at a deficit for the last several years and showed a debit balance of Rs. 48,900 at the end of 1920-21. This deficit will be wiped off at the end of the present year. Hence from next year, our current expenditure would not be larger than the current income, and there will not be a debit.

(3) Last two quinquennial revisions of assessment yielded an increase of about 25 per cent. on the valuations, about Rs. 40,000 per year in the Municipal revenue and this progressive increase of revenue may be utilised in meeting the repayment charges. Out of the above increase, taken at 15 per cent. at the lowest, Rs. 9,000 will be consumed by the General Fund, leaving a surplus of Rs. 6,000 for the Water-rate Fund. The surplus in that fund will therefore be considerably augmented from the end of this year and will come up to about Rs. 34,000. Hence there will be no difficulty in meeting the repayment charges of about Rs. 26,988 for this and the other loan of Rs. 2,50,000 already applied for.

(4) In 1926, a loan of Rs. 15,00,000 will be wiped off and this will set free a sum of Rs. 86,000 out of which Rs. 40,000 will be available for water-works purposes. It is, therefore, clear that the repayment charges will not interfere with the current municipal expenditure, which will not have to be curtailed in any way whatsoever:—

No. 4411 Ind.—*The 23rd August 1922.*—In supersession of this Government (General Department) notification No. 6045, dated the 29th October 1912, the following revised rules for admission to the Government Weaving Institute, Serampore, are published for general information.

J. A. L. SWAN,

Secretary to the Government of Bengal.

Rules for admission to the Government Weaving Institute, Serampore.

Object for which the Institute is established.

THE Weaving Institute has been established with the object of giving technical instruction in the best and latest methods of hand-weaving, of extending a knowledge of the mechanical improvements which make the modern hand-loom so vastly more effective an instrument than the primitive looms still widely used by native weavers in Bengal, and so of strengthening and reviving the weaving industry in this country.

With these objects in view two distinct grades of instruction are given, forming higher and lower classes, respectively—

- (1) to young men of fair education, who may be trained as teachers, managers and organisers of the weaving industry. These form the higher classes;
- (2) to actual hand-loom weavers. These form the lower or artisan classes.

The institute is staffed and administered by the Bengal Government. It is managed by the Principal under the general control of the Director of Industries, Bengal.

RULES FOR THE HIGHER CLASSES.

1. The number of admissions to these classes in each year is limited to 75. Twenty-five per cent. of the seats will ordinarily be reserved for Muhammadan students, the claims of eligible candidates in excess of this number will be considered on their merits.

2. Candidates for admission must have passed the B class final or the University Matriculation Examination or have been trained in one of the Technical Schools affiliated to the Joint Technical Examination Board up to the Lower Subordinate standard.

3. The session begins in the third week of November. All applications for admission should reach the Principal by the first week of October and should furnish the following particulars :—

- (a) Name, address and occupation of father or guardian.
- (b) Race and religion.
- (c) A medical certificate showing that the applicant is in good health.
- (d) Educational qualifications.
- (e) A certificate of good moral character from the last Head Master or Principal.
- (f) An attested certificate of age of the candidate.

4. Fifteen scholarships of Rs. 15 each a month will be awarded to students of the first-year class on the results of a special examination held shortly after the commencement of the session. Fifteen scholarships of Rs. 15 each a month will be awarded to the students of the second-year class and 10 scholarships to the students of the third-year class on the results of the annual examination of the first and second-year classes, respectively, of the previous year. Of these, four scholarships in the first-year class, four in the second-year and three in the third-year will be reserved for Muhammadans.

5. Students to whom scholarships have been awarded will not ordinarily be allowed to hold their scholarships for the succeeding years if they fail to pass the annual examinations.

6. Students joining the higher classes will have to sign an undertaking to the effect that they intend to make weaving their profession after the completion of their training. They may be required to refund the amount of any scholarship they have received if they leave before completion of their first year's course.

7. The course of study in these classes extends to three years. Students are required to attend at least 75 per cent. of the working days.

8. Students who pass the examination at the end of the third year's course will receive a diploma entitled "Associate of the Government Weaving Institute, Serampore," and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative.
